The background features a series of overlapping, angular shapes in a vibrant orange and a neutral beige. These shapes create a dynamic, layered effect, with some pointing towards the center and others extending towards the edges. The overall composition is modern and minimalist.

Social media example - Instagram story

Three Instagram Story post formats are provided as reference. Use these as a guide for composition, hierarchy, and background selection — adapting content as needed while preserving the overall visual tone.

Social media story backgrounds

When using alternative backgrounds, maintain brand consistency by selecting textures that evoke natural, Japanese-inspired materials — such as washi paper, raw linen, or aged wood.

Social media post

There are 2 backgrounds that you can choose from - a light and a dark one. You can find both in the folder ..., An example of hierarchy and composition.

Social media post backgrounds

The background features a large, organic, orange-colored shape that resembles a stylized flame or a hand reaching upwards. This shape is set against a light beige background. The orange shape has several pointed, flame-like extensions at the top and a long, tapering point on the right side. The text "Shapes and Illustrations" is centered within the orange shape in a white, sans-serif font.

Shapes and Illustrations

Food illustrations used in the menu

The artwork that you can find down is ai generated.

In case new illustrations have to be added, you can create them using the prompt on the following slide in GEMINI.

Illustrations prompt that can be personalized

"An exquisite, high-fidelity analog watercolor illustration on textured, cream-colored watercolor paper.

The perspective is a precise top-down (bird's-eye) view.

The central subject is a detailed [TYPE OF PLATE/BOWL/CONTAINER], rendered to contain a serving of [DETAILED DESCRIPTION OF THE FOOD, COLORS, AND TEXTURES]. The illustration exhibits characteristic watercolor translucency, organic color blending, visible pigment granules, and soft, diffused edges.

The underlying paper texture is highly prominent. Subtle, hand-painted background watercolor washes and pigment splatters surround the [CONTAINER]. The small, hand-painted artist's mark '[OPTIONAL SIGNATURE/MARK]' is retained on the lower-right rim of the [CONTAINER]. The lighting is soft and natural, emphasizing textures."

Shapes Used in the Design

These are ready-to-use shapes that can be placed anywhere in the design. Use them as stickers, price tags, decorations, or photo frames — just pick the one that fits and drop it in.

Just like down here:
